Higring Manager
Microweb Gobal

Date: 23 November 2025

Dear Higring Manager,

I am writing to express my strong interest in the Software Engineer Intern position at Microweb Global. As a passionate and driven computer science undergraduate, I am excited about the opportunity to contribute to your dynamic team and gain meaningful real-world experience within a highly innovative digital solutions environment.

I have basic experience in Java, Python, and JavaScript,C++ and I enjoy building small projects to improve my skills. I always try to write clean code, be creative, and make sure my work is well organized. Through academic projects and independent learning, I have strengthened my problem-solving abilities and gained hands-on experience in building software applications.

Combined with my technical background, I bring strong teamwork and communication skills. During my studies, I have been involved in numerous group projects, all of which have seen me demonstrate effective collaboration, adaptability, and an ability to contribute positively toward shared objectives. I believe in clean code, version control, and steady communication, vital for successful software delivery.

I am confident that my technical foundation, passion for innovation, and desire to learn will allow me to make effective contributions to Microweb Global. I am excited to see the growth under the guidance of your skilled engineering team and to contribute valuable resources toward creating high-quality digital products.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and enthusiasm can support Microweb Global's mission.

Sincerely,

Senadhi Perera
